

Genpac 7800 Worksite HONDA Powered Generator

Code G1264J

POWERED by
HONDA

Genpac Worksite Generators are designed and built using Genuine Honda Industrial Engines coupled to commercial copper wound AVR alternators designed & built to withstand the harsh demands of New Zealand's worksites. Fitted with IP66 waterproof socket & earth leakage/ main circuit breaker (RCD) protection to meet the tough requirements of Worksafe NZ. This robust simple design generator is ideally suited to construction sites, hire centre's and service vehicles.

Engine	Honda GX390
Max output	6.5kW (7.8kVA)
Continuous output	6kW (7.2kVA)
Outlets	2 x 230v Sockets
Starting	Recoil start
Fuel tank size	6.5L
Noise level	72dB @7m
Dimensions LxWxH W/W	680 x 510 x 545mm
Weight	74kg

- Genuine Honda GX390 engine for exceptional durability
- AVR controlled for quality power output
- RCD protection
- Digital readout of hours, volts & frequency
- Heavy duty roll frame
- Low oil cutout on engine
- 2 year warranty
