

HONDA EU22I Generator

Code G1232G

HONDATM

Honda inverter generators are the quietest and cleanest on the market with the most advanced sound proofing technology to deliver quiet operation at high levels of output.

Guaranteed consistent commercial quality electricity, ideal for use with sensitive electronic equipment such as computers

- Whisper quiet operation
- Fuel off feature - allows you to idle the unit until the fuel in the carburettor is all used up - perfect for eliminating stale fuel issues when storing the unit
- Excellent fuel economy
- Generator will run for up to 15 hrs @ ¼ load
- High quality power output
- Greater performance & fuel efficiency via the built-in eco throttle

Engine	Honda GXR120
Max Output	2.2KW (2.6kVA)
Continuous Output	1.8KW (2.1kVA)
Outlets	2 x 230v
Phase	Single
Starting	Recoil start
Fuel tank size	4.1L
Low oil cutout	Yes
RPM	Variable Eco throttle
Weight	21KG
Dimensions	510mm x 290mm x 425mm
Noise level	53– 59db @ 7mtrs
